

Young Leaders Group – 2014 Pro Bono Technical Assistance Panel

ULI San Diego/Tijuana Young Leaders Group (YLG) organizes a Pro Bono Technical Assistance Panel (TAP) to provide pragmatic and objective advice on a complex land use or real estate development issue. A pro bono TAP is comprised of local ULI YLG members, who collectively have varied and broad experience and knowledge in planning, development and redevelopment of land and the ownership, management and financing of real property, specifically related to a particular land use or real estate challenge to be considered. TAP panelists are individually selected and screened to avoid potential conflicts of interests.

The YLG Pro Bono TAP Committee seeks applications from charitable organizations that need assistance with a complex land use or real estate development issue for their 2014 Pro Bono TAP.

Please complete this form and return it by email to Justine@sdlandlaw.com before **Friday, April 11, 2014**. For questions, please call YLG Pro Bono TAP Committee Co-Chairs Bob Flynn at (858) 356-4120 or Justine Nielsen at (619) 300-7076.

PLEASE ATTACH THE FOLLOWING INFORMATION:

- Give a brief description of why a TAP is needed;
- List three to five key questions that you would like the panel to address;
- Include a brief history of the site or study area and explain how it relates to current activities and future plans (public and private);
- Include maps, statistics, planning and development goals, and other information, if relevant; and
- Explain Why TAP applicant is best suited to request this particular panel. For instance, do you own or control the subject properties? What ability will the TAP applicant have to implement the solutions proposed by the panel?
